Expansion was the keynote of Presi- powers of the earth."

Expansion was the keynote of President Roosevek's dedicatory address at the St. Louis fair grounds to-day. White he declared that recent accessions of territory by the United States would not be considered in his talk, and although he purposely avoided any direct allusion to the Fhilippines, the whole trend of his argument was toward the country's widening process.

The President began by showing that the first real steps in expansion were taken during the Revolution, when Illinois and Indiana were added to the American domain by force of arms as a sequel to the expedition of George Rogers.

CARDINAL GIBBONS PRAYS FOR PEACE IN HIS INVOCATION

We pray Thee, O God of might, wisdom and justice, through whom authority is rightly administered, laws are enacted, and judgment decreed, assist with Thy Holy Spirit of counsel and fortitude the President of these United States, that his administration may be conducted in righteousness and be eminently useful to Thy people over whom he presides, by encouraging due respect for virtue and religion, by a faithful execution of the laws in justice and mercy, and by restraining vice and immorality.

Let the light of Thy divine wisdom direct the deliberations of Con gress, and shine forth in all their proceedings and laws framed for our rule and government, so that they may tend to the preservation of peace, the promotion of national happiness, the increase of industry, sobriety and useful knowledge, and may perpetuate to us the blessings of equal liberty.

We pray for His Excellency the Governor of this State, for the members of the Legislature, for all Judges, Magistrates and other officers who are appointed to guard our political welfare, that they may be enabled by Thy powerful protection to discharge the duties of their respective stations with honesty and ability.

We pray for the President and Directors of the Louisiana Purchase Exposition, that their arduous labors may be crowned with success and may redound to the greater growth and development of this flourish ing city on the banks of the Father of Waters.

May this vast territory which was peacefully acquired a hundre years ago be for all time to come the tranquil and happy abode of millions of enlightened. God-fearing and industrious people engaged in the various pursuits and avocations of life. As this new domain was added to our possessions without sanguinary strife, so may its soil neve be stained by bloodshed in any foreign or domestic warfare.

May this commemorative exposition, to which the family of nations are generously contributing their treasures of art and industry, bind together the governments of the earth in closer ties of fellowship and good will and of social and commercial intercourse. May it hasten the dawn of the reign of the Prince of Peace, when national conflicts will be adjusted, not by hostile armies, but by permanent courts of arbi-

The Federal troops and militia from the various States made a splendid showing. Many army notables were in line, Gen. Fred Grant being conspicuous. Gov. Odeli was at the head of the militia.
